

Construction permits issued by TDAPC do not grant any authority operate, construct, or maintain any installation in violation of any law, statute, code, ordinance, rule, or regulation of the State of Tennessee or any of its political subdivisions.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 22nd Floor, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, Nashville, TN 37243, (615) 532-0207. Hearing impaired callers may use the Tennessee Relay Service (1-800-848- 0298).

The applicant is C & C Concrete Products, Inc. with a mailing address of 193 Towestring Road, Jacksboro, TN, 37757. The applicant seeks to obtain an air contaminant permit (Division identification number: 07-0081 and 81282 for the construction at the following address: 193 Towestring Road, Jacksboro. The permit request is for the modification of the following: an existing operation consisting of a concrete batch plant, fly ash silo, cement storage silo, weight batcher and associated equipment used to produce concrete. Fabric filters and a dust collector are used for pollution control. The modification was due to increased production. There would not be physical construction. Regulated air contaminants are emitted by this source. Information regarding this source can be found in the Division of Air Pollution Control Dataviewer link which can be found at the bottom of the Division of Air Pollution Control webpage.

W. Collins is the assigned Division person.
